Title: Online TAT/TET Training Programme

Objectives:

- To identify topics to be covered in competitive exam guidance program.
- To impart knowledge for various topics in different sessions.
- To assess students by taking exams based on the structure of competitive exam.

Context:

After completing teachers training course students who wish to become teachers in government schools have to pass competitive exam of TET and TAT. So it becomes necessary for Teacher Education College to provide them guidance in this direction. IQAC team identified this area and it was decided that college will hold informative sessions for competitive exam by inviting guest speakers and college faculty in online mode. Due to covid-19 during the lockdown it will be decided that the Programme will be in online mode.

Practice:

As per the suggestion by IQAC committee college decided to design a program for trainees in the direction of competitive exam which they have to appear through online mode. Coordinator for the entire program was decided and brochure was prepared and circulated among the alumni group of this college. Various years college students participated in this 21 session competitive exam training -program. Time table was prepared, Session experts were identified for the entire program. Each session expert was instructed to prepare good quality material as well as questions for self-assessment. After completion of 21 sessions practice test based on the paper style of competitive exam was designed and test was taken in online mode distribution OMR sheet was used for conducting the test and it was technologically analyzed. Results were given to participants and necessary feedback was provided.

Impact:

Students who participated in this program were satisfied and they gained confidence for appearing in competitive exam. Many more our past students were join this programme because of online mode it is graceful for college.

Challenges:

Many time It was difficult to join for week connection of Internet. Necessary arrangement in the time table for participants and session experts became a challenge due to time constraint.
